Event Report

Date: 28-11-2016

Title : Pharmaceutical Industry: Indian Prospective
Speaker : Ramalingeswar Rao Y
Designation : GM Operations AR & D, Novartis health care limited,
Hyderabad.
Qualification : M.Pharm, PhD
Date of Seminar : 26th November 2016
Class of participants : B-Pharm, M -Pharm, Pharm-D
Venue : Seminar Hall, Aditya College of Pharmacy.

Total number of participants: 185

Description about the event:

Ramalingeswar Rao Y addressed the students of pharmacy that Indian pharmaceutical sector accounts for about 2.4 per cent of the global pharmaceutical industry in value terms and 10 per cent in volume terms and is expected to expand at a Compound Annual Growth Rate (CAGR) of 15.92 per cent to US\$ 55 billion by 2020 from US\$ 20 billion in 2015. With 71 per cent market share, generic drugs form the largest segment of the Indian pharmaceutical sector. By 2016, India is expected to be the third-largest global generic Active Pharmaceutical Ingredient (API) merchant market. The country accounts for the second largest number of Abbreviated New Drug Applications (ANDAs) and is the world's leader in Drug Master Files (DMFs) applications with the US. Indian drugs are exported to more than 200 countries in the world, with the US as the key market. Generic drugs account for 20 per cent of global exports in terms of volume, making the country the largest provider of generic medicines globally and expected to expand even further in coming years. The Government of India plans to set up a US\$ 640 million venture capital fund to boost drug discovery and strengthen pharmaceutical infrastructure. The 'Pharma Vision 2020' by the government's Department of Pharmaceuticals aims to make India a major hub for end-to-end drug discovery.
