Event Report

Date: 27-2-2018

Title : Opportunities of Pharmacy Research in Canada

Speaker : G.Rajesh

Designation : M.Pharm

Date of Seminar : 24th February, 2018

Class of participants : B-Pharm, M -Pharm, Pharm-D

Venue : Seminar Hall, Aditya College of Pharmacy.

Total number of participants: 144

Description about the event:

G.Rajesh addressed the students that unlike many other countries the registration of pharmacists does not occur at the national level.

In order to practice pharmacy the Person must be licensed or registered in the province or territory in which the Person will work.

Each province in Canada is responsible for issuing a license to practice pharmacy in their own province.

All provinces except Quebec require applicants trained outside of Canada to have the Pharmacy Examining Board of Canada Certificate of Qualification. This Certificate is a major requirement for licensing in each province, but the Certificate alone does not mean the Person have the right to practice.

In addition to the PEBC Certificate of Qualification, each province has additional licensing requirements. These may include practical experience, English or French language skills, and forensic examinations. The Person must contact the regulatory authority in the province the Person chooses to practice in to receive full information about their requirements.

As a pharmacy graduate trained outside of Canada, the Person must follow the 2-step Evaluation Procedure of the Person documents before the Person can write the Qualifying Exam. Once the Person has favorably completed the two steps, the Person will then be eligible to take the Qualifying Exam.

If the Person is a foreign-trained pharmacist who has graduated from a degree program acceptable to the Board and has been registered continuously for a minimum of 10 years as a pharmacist in Canada and are currently registered in good standing as a pharmacist in Canada, the Person may apply directly for the Qualifying Examination. However, the Person must first have the Person qualification assessed to confirm the Person eligibility and must contact the PEBC office for further information.
